

Alliance Global Tech Inc

Category B Contract - Enterprise-Wide ITC/AV Service Solutions

AGT CONTRACT INFORMATION

CONTRACT NUMBER 80TECH26D1988	CONTRACT TYPE Government-Wide Acquisition Contract (GWAC)	SEWP FEE 0.34%
CATEGORY Category B - Enterprise-Wide ITC/AV Service Solutions	PERIOD OF PERFORMANCE November 1, 2026 - October 31, 2036	

SEWP OVERVIEW

NASA SEWP VI: The NASA SEWP (Solutions for Enterprise-Wide Procurement), pronounced "soup", provides the latest Information Technology, Communication, and Audio-Visual (ITC/AV) solutions and services for all Federal Agencies and their approved contractors. Created in 1993, SEWP I was the first Government-Wide Acquisition Contract (GWAC) in the federal acquisition space. SEWP has continually evolved over the past 30 years, expanding its scope to meet the requests of its customers. The SEWP vehicle represents acquisition innovation within the Federal Government. The program is self-funded through the SEWP Fee (0.34%) and provides all Federal agencies with acquisition support for more than 50,000 orders a year.

FAIR OPPORTUNITY (FAR PART 16.505(B))

FAR 16.505(b)(1) provides that each contractor shall be given fair opportunity to be considered for each order exceeding \$10,000 and issued under multiple award contracts. The FAR states that the method to obtain fair opportunity is at the discretion of the Contracting Officer (CO) and that the CO must document the rationale for placement and price of each order. Using the SEWP online Quote Request Tool is the recommended method to assist in this activity and to augment the required decision documentation. The SEWP Quote Request Tool (QRT) will automatically include the Contract Holders within a selected Group or based on a suggested source.

PROCEDURES FOR OBTAINING SERVICES AND SUPPORT

- 1 Contact AGT's SEWP Program Manager, **Nabeel Ashraf**, at nabeel@agtbi.com or (202) 491-3077 to discuss your IT service requirements.
- 2 Alternatively, submit your requirements through the SEWP online Quote Request Tool (QRT) at www.sewp.nasa.gov.
- 3 AGT will respond to your Request for Quote (RFQ) with a detailed proposal tailored to your agency's needs.
- 4 For general inquiries, contact info@agtbi.com or call +1 (800) 696-1973.

WHAT'S IN SCOPE FOR SEWP VI?

SEWP is designed to provide a broad suite of Information Technology, Communication and Audio Visual (ITC/AV) solutions and services. Technology is ever-evolving and for that reason SEWP's processes enable our Contract Holders to add new commercial technology and IT services to their contract daily, as requested by our customers. The focus of SEWP is on the full suite of technology offerings that simplify Governmental access and Industry offerings across the entire ITC/AV solutions and services landscape. SEWP is composed of three (3) scope categories detailed below. If you would like SEWP to determine if your requirement is within scope of the SEWP VI contract, please send an overview and/or bill of materials (BOM) to help@sewp.nasa.gov and we will quickly review and provide feedback.

The SEWP Contracts were awarded by scope category, the three categories are:

Category	Description
Category A	ITC/AV Solutions
Category B AGT	Enterprise-Wide ITC/AV Service Solutions (AGT's Category)
Category C	Mission-Based ITC/AV Service Solutions

ORDERING PROCESS

The internal ordering process of each Agency varies. The process and accompanying forms for Purchase Requests (PR) and Delivery Orders (DO) that are issued against a SEWP contract is defined by the issuing Agency, not the NASA SEWP Program Management Office (PMO). The typical process is for an end-user to determine a requirement and generate a Purchase Request (PR).

The PR along with any necessary funding information is sent to that Agency's procurement office which results in the issuance of a DO. Any valid Federal Agency DO form, and the associated Delivery Order number may be used. The NASA SEWP Program Management Office (PMO) does not issue DOs; these must be issued through the issuing Agency's procurement office. The SEWP Program Management Office (PMO) reviews, processes and tracks issued DOs and forwards them to the Contract Holder(s).

If modifications are made to any order, these modifications must also route through the SEWP Program Management Office (PMO).
